“ My heart felt heavy when I read the letter from my childrens school informing us of Mr. Wades passing. I had spoken to him before Christmas 2014 because he also worked with me as a child and it was amazing how much he still looked the same as back then and just as amazing how he remembered me and my brother after that many years. He had such a way with people and I'll always remember his positive nature and his smile. He always had a smile on his face. You never know the impact you have on others and although my kids didn't personally get to work with him they remember him from school. He will be remembered. God bless his family during this difficult time and may his soul rest in peace.
