“ Angie, I remember all the long road trips to and from Grambling State University. It seems like yesterday when we were coming in the dorm from a Kappa or Omega party tired and ready to just lay it down and you would find time no matter how late to still give the Lord his time by reading his holy word before going to bed. I know that he was there to welcome you home and you are at peace. I will truly miss all the time we shared, I love you and I know you look good in your crown full of jewels because you earned them. Goodnight my friend until we meet again.

“ Like stars that shine in the heavens
A godmother's endless love
Lights the way for her godchild,
As the lord gives a nod from above
She was chosen because of her goodness
And too, for her gentle side
But also because her godchild,
Could view her with love and pride
For she is a perfect example
Of all that a person should be
A kind and a caring guardian
Standing by for eternity!

I will miss you your godson Dylan James

“ Memories of You

*I remember everything about you,
your voice, your smile, your touch,
the way you walked, the way you talked,
the way you looked at me, meant so much.
I remember all the words you said to me,
some funny, some kind, some wise,
all of the things you did for me,
I see now with different eyes.
I remember every moment we shared,
seems like only yesterday,
or maybe it was eons ago,
It's really hard to say.
You are gone from me now,
but one thing they can't take away,
your memory resides inside my heart,
and lights up my darkest days.*

*You will be sadly missed by Annette and I. Heaven has finally
gained a Graceful Angel. Until we meet again!!!*
