“ I left Flint when I was 18. Went back a couple of times for family matters. I was sitting thinking about some of my high school friends from the Flint Beecher days. The first person I thought of was Putt, and decided to run a Google search. This is the results of that search. Feels like I feel into a deep hole and just continued to fall. I didn't hang out with many people back in those days, but Pitt was number 1 of the few. We use to roll together almost every day. Never got into any trouble. The must positive person I knew. So sorry Putt I never got back to the Flint and Beecher area. If theirs a better place for us I know you are there. Always love you my friend. Bo Shepherd.
