“ *what in the world is going on? I have never seen so many babies die in Flint, Michigan. I would be scared to death if I was a parent whom resided in Flint and had to take my child to that hosptial. Does this concern you all or am I over looking something. I read the death notice from Moon's funeral home and all I see is baby's dieing. What is up with all that or is Flint an unlucky city for babies.*
