“ *I met Barb when I first joined Mott. Her warmth, simplicity and frankness drew me to her as a friend. A friend to whom I could talk about anything that matters in everyday life. She always listened. I am saddened that I am in India now, and will be unable to say bye to Barb. While I will miss Barb GREATLY, I am also happy in a way that she touched my life with her friendship that I will treasure. Her portrait of me will continue to hang in my office. I hope that God will give the strength to her family to get through this difficult time.*

Like everyone else who spent any time with her, I will miss her a great deal. My thoughts and prayers are with her and her family.*

“ Barb was such a special woman with a great desire to have fun in life. When I think back on times that I shared with Barb, she was always smiling and made those around her smile. She will be greatly missed but it is comforting knowing that she is in a better place and watching over us now. My thoughts and prayers are with her friends and family. Take comfort in knowing that we had the privilege of knowing such a wonderful person and that she had made our life that much more.
