“ *So sad to learn of Billy's passing. I worked with Billy for many, many years and have the highest respect for him. Billy was one of the hardest working installation and service technicians we've ever had. He always amazed me on how much work he could pack in a day and how he could fix ANYTHING!!! Billy will be greatly missed by all. My heart is heavy with sorrow and will keep the Johnson family in my prayers. Gale Wasson*

“ *Billy was the best! He always went way beyond the call of duty when working on any of our projects, to make sure everything worked. He was also a class individual, who always had a smile on his face, and a solution to any problem. We both truly loved him! R.I.P. Billy!*

“ Please accept our deepest sympathy's on the passing of Billy. It was a privilege working with him at Facility Matrix Group now MarxModa. I can say There wasn't a soul who crossed Billy's path that didn't developed an immediate fondness and respect for him and his professional attitude and tremendous capabilities.

He was truly one of a kind.
