“ I have many great memories of driving fork trucks with Bobbie, at the GM V8 Engine Plant. He was so laidback, and impeccably dressed every day. He must have had a ton of hats. If he accidentally spilled coffee on his clothing, he would go home to change them, and come back to work. I use to laugh at him for that, but off he would go. We use to set on our trucks and shoot the breeze every day. Bobbie was always good for a few laughs. He had a unique way about himself, when he would talk to me. I'll never forget him and I'm so sorry to learn of his passing. Wherever you are bro, keep chillin'. Please accept my sincere condolences for your loss. May your many wonderful memories of him sustain you during this time of sorrow..

“ *One of the coolest, most laid-back, and giving uncles we've ever known. Thank you for always being the one who kept me and my first cousins connected. Your annual visits to St. Louis meant more than words can express—they were moments that strengthened our bond and reminded us what family truly is.*

You and Aunt Cheryl created a foundation of love, unity, and devotion that will continue to live on through all of us. Because of you, we understand the importance of showing up, staying connected, and loving one another deeply.

We love you, we honor you, and you will be truly missed—but never forgotten. ❤️ Family, may God give you peace during this time of sadness. I love you!

“ *My condolences to the Brown family and the Eason family. I met Bobby years ago, we worked together at the V-8 Engine Plant and thru the Brown family. Bobby was a very nice person to me and we used to have great conversations. It's two things that made Bobby Bobby, his SMILE, and wearing his HAT, couldn't nobody take those things away from him. I will never forget him, and the memories we shared.*
