“ *I always enjoyed seeing Brenda, she was a great worker and a very personable lady. I remember her and I walking on the trails behind the hospital during some of our lunch breaks in the summer. My deepest sympathies are with her family and loved ones. I know all of us at Genesys will miss her deeply!!  
God Bless and watch over you all.*

“ I will be out of town and won't be able to come to the service or funeral home. But I want you to know how much Brenda and you, her family, have been in my thoughts and prayers. I, as well as Brenda's coworkers, are all in disbelief. Anything anybody has to say about Brenda has always been good. She was a quiet presence-always there to help when needed. She was kind to her co-workers and her patients...she had a smile of peace even when things were crazy around her. Two of her co-workers have told me she was "our angel." May she continue to be with us at work- to help us in a special way as well as with you-her family. God bless and guide you through your sadness.

Very sincerely,  
Beth Houser RN

“ When I first hear about Brenda I was In total shock. Not our Brenda was all I could think. What I remember most about Brenda was how she was always cheerful no matter what kind of a day we were having. If she had difficult patient's and families she took in in stride, let the stress of our jobs roll off her back and always had that beautiful smile on her face. Brenda will be sadly missed by me. My thoughts and prayers are with those that have to carry on. May god wrap his arms around you and heal the pain in your hearts. Nancy Nast LPN

“ I am a retired RN from Genesys. I worked with Brenda for about 4 years about 6 years ago. She was great to work with friendly and very good to her patients.unlike alot of us who work so close together , she didnt talk about her personal life much,but she was a great nurse to work with . If something needed doing, Brenda could be counted on to do it. I knew without asking her that it would be done. She striked me as a very devoted nurse and mother.I didnt go see her at the funeral home because I would rather remember her As I do,passing meds on the floor and helping with any thing that needed doing.

“ Brenda was my best friend when I worked at FOH and Genesys hospital. From the first day that I started at FOH as a nurse's aide, Brenda took me under her wing. Not only did she help build my confidence, but we had alot of fun together. She was extremely caring to all that she knew, and knew how to keep her cool when things got difficult. She was one of the one's that convinced me to go back to school and continued to encourage me through it all, even when it was time to leave Genesys hospital. Brenda will never know how much she meant to me. As with many relationships, we didn't stay as close as I would have liked to, and I feel so bad that I didn't even know that she was sick, but she was a wonderful christian lady who loved God and her family. I was very blessed to have known her, and I thank God that our paths crossed. I pray that one day I can be to someone else, what Brenda was to me.
