*It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
and I'll tell you all about it when I see you again  
When I see you again First you go out your own way  
And the vibe we feeling is strong  
And what's small turn to a friendship  
A friendship turn to a bond  
And that bond will never be broken  
The love will never get lost ,So let the light guide your way  
Hold every memory as you go  
And every road you take, will always lead you home, home  
So I will remember you and honor you. It's been a long day without  
you, Uncle Charles  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
I'll tell you all about it when I see you again  
When I see you again  
I will miss you*
