“ It comes with great saddness to hear the passing of your mother. I will miss talking with Charlotte as we have on many occasions but I have no doubt in my mind how happy she is now residing with our heavenly father. She has always shared a smile, joke and laughter each time we've spoken and not once did I ever hang up and not feel delighted with our conversation.

It is hard to know what to feel, but it is most definitely the truth when I say she would want everyone to live and take care of one another in her absence of this world. Be kind to one another and love each other everyday!

“ Keshia, I'm sorry your grandmother passed away. I can't make it to Flint for the services, because I have school but I wanted you to know that I love you and I will pray God will help you cope.

Remember God loves you!

“ I am so blessed to have a mother-in-law like you... You will never know how proud I am to be your daughter-in-law.

The many ways you show you care always make me feel I belong. You were patient with me when I was being foolish; you give guidance when I ask; you help in times of trouble; you support me whenever I call. I love you more than I can express; you have my total respect.

And it is difficult to know; today I will have to let you go. I just can't imagine, a day of my life without you...Because you're a part of me and my love for you is true.

So just remember, no matter where you may be...There's someone who needs you and loves you and that someone is me!
