“ *I have so many memories of us especially back in the day in Maryland, but the one that stands out is the night we stayed up all night talking. We kicked it, laughed, and talk so much until the next morning. Boy, those were the days! You special to me because you were a neutral type a cat. You never took sides no matter what was going on and you deserve respect for that. You were one of the few people I knew I could count on and knew you could count on me. God got you, so your in better place then we are and that's real. you already know that just like my baby brother you are my best friend too and I'm gone miss you. Until we meet again rest in peace.*

“ *Damarcus was always kind and generous. I remember that when we were small children he loved to play with us and make us laugh. He left us too soon, but I am so happy that I had the chance to know him for as long as I did, and that I could call him my cousin. Damarcus, rest in power. I love you.*

“ *I remember serving you meatless taco's and sparkling cider (in a wine glass) lol. You couldn't believe it was fake meat and you said you felt tipsy from the cider. Or the time we were at the beach and we told you not to feed the birds. You did it anyway, lol, and then you had to run for your life. The children and I loved it when you would stop by. It was always a good time had by all. Thank you for sharing your life with my children. I will be ever grateful.*

We sometimes take for granted the people we love and don't say it enough. I'm so very glad we had that chance and more importantly we said I love you with lots of xoxoxo's just weeks before you went home. I know you're in heaven with Malc Malc (as you liked to call him) watching over us.

*I love you DaMarcus and I miss you terribly
