“ Ok this is weird, those of you who paid attention will know what I'm talking about, but maybe a mistake was made-it happens.

*To Darwin's family, you all have my deepest sympathy again, especially you Sheryl. I know these last very few years have been rough.*

*I've known Darwin since we were 5 and 6. He was my 1st boyfriend when I was in the kindergarten and he was in the 1st. It lasted 2 days. One day he really liked me the next day he said he hated my guts. Well we were both Piscean. We lived around the block from each other as children and next door neighbors at ages 20 and 21, he hadn't changed. I was so sorry to hear about his death. My thoughts and prayers goes out to his family, all of you. Darwin has left us but he's at a reunion. He had just said goodbye to his parents and brother not too long ago and now he's saying hello. Sheryl, just know that you are NOT alone. You have a large wonderful family that will be there for you as always, including the Beecher Family. You all have my deepest sympathy, Darwin will not be forgotten for several reasons. If you knew him then you know what I mean. R.I.P. my friend.*
