“ I had the honor of being a co-worker with David T Bone at 98.9 WOVE FM . His “Southern Soul Blues Show” was always A-1 no one did it better. I remember when he played James Brown “ Nature” we would just ride the groove while the phones were ringing off the hook. Thank you so much for the chats personal and professional, welcoming me into your home for music information and letting me sub for you from time to time. It will always be the 5 of us against the world!! Love you my radio brother, truly Saint David
