“ Miss G is what I called her was the best supervisor, co worker, and friend you could ask for! With her style and grace she would light up the room when she entered, my model and fashionista I would say every time already Miss G work the runway and her response every time was “Tai you crazy” I will miss her dearly, she had the ability to put you in check real quick while at the same time display love and affection, it won't be the same at Labcorp with out her she spoke up for us when no one else would or even cared to, I take comfort I knowing that she is at peace with no worries in the world, I will continue to pray for her family and friends during this dark time

“ Oh how you will be missed my co-worker & friend. You was the first person that I ever heard of having a "come to Jesus meeting!" And once those meeting took place everything was set in order lol. You was a Diva for sure. One thing for sure you loved your family. Everyone knew that your grandchildren was your pride and joy. For sure you I know have your crown bling out and walking around Heaven in those heels I used to fuss at you about because they were to high, smiling because no more pain or diabetes to worry about. I'm going to miss those under eye moments and the twisting of the lips (laughing as I see you doing this for sure). Thank you for just being DEB GOLDEN-no one else. Thank you family for sharing her with the LabCorp Family. We are going to really miss her UNIQUE "TUDE." Praying for the family

“One of the last text messages you shared with me said, “you know I love you and I will do what I can to help.” And I thanked you and said I love you too. Thank you Deb for being concerned about me and showing your concern for me. You weren't just my supervisor you were a friend. Thank you for your concern for my son and for our well being. Thank you for your professionalism and style. Thank you for loving your family the way you did. Always doing for the grands and allowing me to cover them in prayer. I have so many emotions .. it hurts to look at your picture and know that I won't be able to send you a text...but I know God doesn't make any mistakes. You were tired and God knew that you had completed all that he wanted you to accomplish. I will forever remember you and your kindness. Just this past December you hand delivered a beautiful card and gift to mewhat supervisor does that? And on another occasion you-gifted me a bag full of earrings and necklaces just because you thought I would like them . Your birthday gift is still sitting on your desk friend.. you didn't make it back to work to receive it. But I know you know I love you and I know you are with God singing his praises! To God Be the Glory for the Great Things He has Done.

I'm going to miss your jokes, laughs, hugs, smiles. I'm going to miss you sending me random cute pics of JJ in her dance outfits. I'm just going to miss you but I am going to cherish every moment with you. You are the reason that I have been with Labcorp for 10 years. You gave me a chance and you hired me in. I'm so glad we had the chance to say "Love You" a few months back because Lord knows I never would have thought you would be with the Lord this soon. You were the Shero to your family and to your work family. Now it's time for us to be strong and know that you are no longer suffering. God wanted a "Diva" for an angel and he chose you. I Love you and I will continue to keep your parents,siblings,children,grandchildren,cousins, friends, co-workers and employees in my prayers. I Love You Deb*
