“Wow Debra, I really wanted you to continue this journey with me. You helped me so much when I first started this path. Continue to watch over your babies and grands and if you see me get off the path please steer me back. I remember the time when you got out of the hospital and wanted a picnic in the park. I really enjoyed the laughter on your face, even as you Quant danced together. Tell Ann, Daddy and Sharon I said Hello, and don't forget to save me a'seat. Love you! your Sis Sherry, Larence, Nahvi along with The Barbee and Ozier family
