“ Jequelia if only words can heal your pain I would absolutely try and think of them. I feel and understand some of your pain. When I think of your daughter, the first thing that comes to mind is the first time I had ever seen her at my mothers house 23 years ago. I just want to remind you that I am still continually praying for you and that God answers prayers. When it gets rough I know we will talk and share as only childhood friends can do.
