“ *I could always count on Dominick to make awesome choices in my classroom. He was a great student to have! His smile always lit up the room and his willingness to help was exceptional. My heart is heavy. Such a senseless loss for everyone. I hope God grants his family and friends peace during this sad time in your lives. My prayers are with you all!*

“ While listening to words spoken by Rosa Parks during a press conference she gave years ago I can't help to think about the things that she, Dr. King and others went through so that we as black people would not have to endure by those of a different race. How sad would they be to see what we are doing to each other. Where is the love? My heart and prayers go out to this young mans family and all those families who are losing loved ones to this senseless violence. May God keep you and the city of Flint.
