“ It is with great sadness that I'm posting this message. Chris please know that Don Robinson ment a great deal in My Life. Not only was he a outstanding mentor, but a great friend along with yourself. The very reason why I was so successful in my tenure at Delphi Automotive was because of him. He demanded Excellence of Me, and wouldn't accept anything less from myself in terms of my work ethic. Those lesson learned from him carried it over into every part of my life, inside Delphi and Out. There are no words to express how appreciative I am for all impact he had on My personal and professional development. I along with My Family would like to extend our heartfelt condolences and you are in our prayers. God bless!
