“ To the Hasan Children and family of Doris Hasan. Doris and I were nursing students together and our friendship has lasted through several decades. Doris was a trailblazer in the nursing profession. She believed in excellence and the only way to be the best was to keep learning.. She is one of the reasons Hurley Medical Center instituted continuing education for its nursing staff. She wanted Hurley Medical Center to have the best educated nursing staff in the area. She continued her education obtaining a Master's of Nursing Degree when few nurses had done so. She believed in mentoring and teaching and was an advocate for the Flint Black Nurses Association . She mentored many students helping them to enter the medical profession. She was a positive influence for many nursing students. She did it all while raising her children to be successful adults. When I think of Doris I can see her smile and hear her wonderful laugh. We laughed a lot as students, because it is what we did to get through, and that is what I will remember. Doris and I walking the halls of Hurley Medical Center, knowing we were going to succeed. Rest in peace my friend. May God continue to bless and keep your family.

“ My most fun memories of aunt Doris was always seeing her pull up in front of grandma house after making the drive from Michigan in the summer time with all my cousins in the car loaded down with luggage. Now that I’m grown I wonder how in the world did she do that, lol.  
My condolences to the Hassan family, love you all!
