“ *I will never forget how Aunt Dorothy would babysit us....I thought she was the best babysitter in the world. I will never forget as a child playing on Ruth Street we always knew that if we did something wrong while playing Aunt Dorothy was going to see it and report it with the tallest house on the block! LOL  
She will be truly missed*

*Love yall*

“ *As God was making his bonquet he look down saw a rose was getting weary and called her home to rest. Aunt Dorothy use to always tell us I will pay y'all to make another child like Anita. That was our ongoing joke.*

“ *I will never forget Aunt Dorothy use to take me fishing all the times. one day I almost ran her car in the lake. She didn't get mad at me, she just said boy it ain't your time yet. Well God new what he was doing and now her time has come. I will miss her.*

“ With Regret I am writing my last words to my Great Auntie Dorothy. But with Joy i fondly remember you, and your contribution to my upbringing. I grew up right next door, but it always seem like i'd end up at your and uncle James's house as i was a slippery little rascal and so enjoyed myself over there from playing monopoly, to swinging on the tree tire to borrowing the ten speed in the basement. I'll never forget you or the times you prayed with me before a test whilst in grade school at Martin Elem. I love you and rest in peace my aunt. Oh Daddy dont know this but all those times after i got out of school and you would have me dig up those worms and you'd take me fishing and be very patient with me actually solidified my skills and enabled me to fish with the grown ups. If you let my Dad tell it he taught me everything, we'll keep that between me and you:O).
