“ *As you know Doug was my very special friend for 12 years. I just can't imagine that he is gone and left me without my very special friend. We had so many special times together and did so many things together. I knew I would not be able to go to his home going it would have been too much for me to handle. And right now it's too much to write. I try not to think too much about him, but sometimes it's a bit overwhelming. Doug, I still have your picture in my phone and your picture by my bed. I've got your phone number. So, no, I will never forget you*
