“ *Our sympathy to the family of Eddie Webster. We both knew Eddie from Burger King. Gene had worked with him back in the 70's, and I did too. I also had contact with him when I was the Franchise District Manager for Burger King Corporation, and would go into his restaurant to do audits for the Corporation.*

We didn't have much contact, but in the past 1-2 years we were in contact. We knew he had been sick. One day Gene prayed in the morning that God would send someone in his path that God would use him to speak to. Late that morning, while he was in his office, Eddie stopped by Klock Korner (after a doctor's appointment) One of our employees came out and asked if he could help him, and he said he wanted to talk to Gene. When Gene came out of the office, he didn't recognize Eddie at first, but the voice gave him away!! They hugged and talked for quite a while. Gene prayed for him before he left. He left his phone number and told Gene to have me give him a call. When I did, he recognized my voice over the phone, and said "Hi Din Din!" He always called me that!! We visited a few times over the phone after that, and it was always good to talk about old Burger King days and the people who came and went. God bless you during this difficult time. He was loved by many.
