“ *How did this happen? Here it is 03/28/2023 and I find out my friend, one person I can trust in this whole world with anything is gone? On his birthday I find out that he is gone and has been gone since 09/2021. I'm devastated heartbroken. He was a very positive individual and he genuinely loved everyone. I didn't have no one to depend on, but when Dubb came into my life that changed. He was a true friend, and he was true to his word as well. He made everything around warm. We had fun living in California for months before he died. We balled out of control!! Family, just know that he had experienced a lot and we had a genuine good time. I started to make this organic tea for him bc he was tired of taking his back pack full of medicines that he would carry around a jug of my tea instead. SMH I don't know what happened but I can tell u one thing he was a genuine person that was gone too soon. HAPPY BIRTHDAY 🎂 DUBB DEEZY*
