“*Connie, Our deepest condolences to you and your family. We are thinking of you and sending comfort and prayers during this difficult time. Losing a parent, I know, is an unimaginable pain. Please remember that you are not alone in your grief. Lean on the love and support of your family and friends as you go through this difficult time. It is important for you to know that your mother loved you as much as you loved her. You are, a special daughter, always there for her through her illness and I am certain this meant so much to her. There is no more pain or suffering for her on this earth & "A much needed Rest for her in Heaven." May the memories & Legacy of your mother's love live on through you . May that love , also, bring you comfort in the darkest of moments. Our many prayers are going up for you . May God continue to Bless you and your family and give each of you strength.*
