“ To Shirley and the entire family: I am deeply saddened to hear of your loss. No words can be said to ease your pain at this time and I know.... I have been where you are. The only words I can give you is to please pray for only God can give you the peace you need. Time may heal many things but, this is a loss that you will never get over, you only learn to live with. I will say a prayer for you as well. Try to think of those good memories and those good things she taught you. It takes time but you will learn to live with this loss, I know.... my Mother went home in 2007. Don't tell you Mother bye, only tell her "See you later," and if you live the way she instructed you through the Word of God, you will see her later... May God bless and keep you all in Jesus Name.
