“*"Etta Mae" as I called you until that joyous day in the elevator when I finally guessed your correct middle name, I am truly going to miss you...your text messages and your occasional weekday and weekend calls...you have taught me so much...professionally...personally and spiritually..I WILL NEVER FORGET YOU! You brought alot of sunshine to my days when I was having dark moments, some how you always knew and managed to offer a good word ..I thank you so much because that allowed me to support you when weren't at your best. Even when you weren't at your best all you thought about was helping others and fundraising. You kept your office stocked with whatever anybody needed at any given moment...your office was treasure island and I didnt have to go far to get what I needed, you were right next door. Our addresses have changed now ...I have moved on and so have you ..the difference is one should only hope to make it the address you have gone. God blessed me by bringing you into my life...thank you so much for helping me through my tough times, I made it and I thank God for your teachings and talks. May God rest your soul...everything is alright now!! Praying for you all Nia...Darrell...Tina..and the grandkids that she loved and shared with us at work....Rest in Love...Power and Peace "Etta Mae"❤️*

“*My prayers are with the family of Etta Washington. I had worked with Etta at Genesee Health System for many, many years. She was a quiet source of power and strength and always willing to let others know that it all came from God. She was an inspiration to me as I know she was to her family. May her legacy live in and through all those she has touched with her life.*

“ I will miss Etta. When I was a new hire at GHS she helped me learn how to be an effective case manager. She also ran a food basket drive every holiday obtaining donations so that the needy would have a holiday dinner. She was a person who leaves a legacy of compassion and dedication that will never be forgotten. My condolences to her family and friends.
