“ *I have known you all for a very very long time and I feel your pain, believe me I do. I know it's a very hard part of life to deal with but it's something we can't avoid, it doesn't make it any easier and there is nothing that I can say to make it hurt any less. I just want you all to know that you are in my prayers as you and your Mom and Grandmom have been ever since Frances took ill. You have my deepest sympathy, I share your grief, for I have known her since my own childhood. She was a beautiful fiesty woman with a quick wit and I enjoyed being around her. She will be missed. But Frances is at peace now, she has no more worries, no more pain, no more fears. It's all over, now she can really enjoy the other side of this life. And you already know she's not alone. I will see you all again soon. God Bless each and every one of you and I will pray for God to get you thru this for as long as it takes.*

“ What a grand lady was Miss Sibley. My fondest memory of her was upon my return to work after having lost my brother in 1990. She barely knew me but, when I came to her floor to cover her break period, she opened her door and then hugged me without saying a word. That memory touches me to this day. Miss Sibley had an aire of both strength and sweetness about her and I am very glad to have known her.
