“ *Daddy, there are so many memories that I could share but I would like to focus on the impact that you had on others. You treated everyone like they were family and had a heart of gold. Being a father became natural and you made it look easy. It wasn't until I became a mother and realize your position as a parent. I knew that one day you would leave earth but you left too soon. I am deeply saddened but I never questions Gods work. We were just on the phone for hours laughing and crying as you expressed how proud I have made you. I love you so much daddy and you will always be in my heart. I keep listening to your voice mails and looking at your pics and knowing that one day we will be together again eases my pain.*
