“ *Love you and I'll see you soon.*

?You never know what someone means to you until you have to take care of them. My grandfather has been cursed with terminal cancer. My grandmother is the only person he has. They raised me from a child. They nurtured me and loved me and now, I must return the favor. My grandfather cant do anything by himself. I bath him change him, and feed him. I feel like he's wasting away before.

There was a time I would have never bathed another man, but before you I stand/ for my father I'd do it again./ This world is not promised and to dwell in it is a blessing/ I love you grandpa, You've taught me well, I've learned all your lesssons/ I will teach your wisdom to all who shall listen/ a soldier you were, your legacy will be writin/ Though I never told you, you were always my hero/ not like these fakes wannabe's and zero's/ you were a true thug I always say/ never backed down from a arugment or ran away/ I love you dearly I'll never leave your side/ you keep me in your heart cause you'll never leave mine.?
