“ *Go, there are so many memories to share, you were like my blood aunt, even though I was with your niece. You were the kindness and most understanding person at a time in my young life when I needed you the most. I remember I came over to see Toni one day and she was gone, you had a long talk with me that lasted until this very day, I will miss you .*

“ *It is not always what you are able to personally accomplish in this life that really matters, but what you have enabled others to accomplish by your presence and commitment . I was privileged to meet and interact with Glodena and her family many years ago and I was always struck by her selfless love for her family and friends. Losing her mother at a very early age she served as matriarch of her family -always putting the needs of her father, sister and nieces first. Glodena was indeed a shining light that shone brightly in the lives of many. Truly, she leaves a legacy of compassion, love and joy to all whose lives she touched. She will be sorely missed by all. As Mary Baker Eddy says "Divine love always has and always will meet every human need." .*

*On behalf of me and my aunt Cookie (Latona Weems) we extend our sympathy and prayers to the family. I affectionally called her Aunt Glo because of my friendship with Toni & her sisters. It's something because the Tuesday before I was praying and I had a vivid memory of me sitting in the kitchen with Toni & I immediately started praying for them and texted inquiring about Aunt Glo. Love you all*
