“ *Greg was one of the first upper class men to become a big brother to us as freshman at MSU(a lifetime ago). He introduced us to our favorite restaurant Chinese restaurant and told us we couldn't survive on pizza & McD's. He would tease and warn us about any guys who hit on us. He was the coolest Alpha we knew 😊. May memories of a great guy bring a smile to his loved ones face.*

“ I've known Greg for more than 40 years, we laughed, argued, cried, shared many stories together.

You love him, disliked him and loved him again. I have many fond memories being with him, he loved helping minorities and small business. In 1987 we were on a committee to do a National conference in Detroit. Gregory, I and the late Dr. Delbert Gray were on a subcommittee to do a Michigan Made Picnic at Belle Isle, Gregory made that event Phenomenal because of his contacts, who didn't he know. About 1995-2005, with our little group we went to every Michigan casino that existed . Gregory, Claudia, Grezina and many others State of Michigan employees have helped many small business owners be successful here in Michigan. On one trip we went into an antique shop. There was this black doll sitting on a shelf, Gregory came to me and said we got to rescue her from captivity and take her out of her. Well long story short I have the doll. I'm sure many of you here similar stories like this raise your hand if you were part of his helping hand, the doll was. He was crismatic when he needed to be introducing people.

I've known Greg for over 40 years, and in that time, we laughed together, argued, cried, and shared countless stories. You could love him, dislike him, and love him all over again. I have so many fond memories with him, and I will forever treasure all we accomplished in helping small businesses. Greg had a deep passion for supporting minorities and small enterprises. Back in 1987, we served on a committee for a National Conference in Detroit. Greg, the late Dr. Delbert Gray, and I were part of a subcommittee organizing a “Michigan Made Picnic” at Belle Isle. Greg made it phenomenal—his network of contacts was incredible; it seemed like he knew everyone.

Between 1995 and 2005, our small group visited every casino in Michigan. Greg, along with Claudia, Grezina, and many other State of Michigan employees, helped countless small business owners

succeed in the state. I'll never forget one of our journeys when we experienced a blackout in the southwest part of Michigan—we laughed about that for years. And of course, he introduced me to my husband, for which I'll always be grateful.

I'll always remember the day we walked into an antique shop, and there was a black doll sitting on a shelf. Greg turned to me and said, "We've got to rescue her from captivity and take her out of here." Well, long story short, I still have the doll.

Greg, I will miss you. You were my friend, my brother, and that's something I will cherish for the rest of my life. Rest in peace, my brother. As mischievous as you were, you had a great heart, and you deserve your place in heaven. I will always love you. Rest in peace

“ Brother Greg Wallace 10/17/2024

My first memories of Greg "Big Brother Blood" Wallace are from my Freshman year at Michigan State in the Brody Complex Grill. I will always remember him as one of the most fun-loving, funny and colorful people I have ever had the pleasure of knowing. Not unlike a college movie character. When I became a member of the Gamma Tau Chapter of Alpha Phi Alpha, I got to see for myself, and came to know, appreciate and admire his essence, his brotherhood and unparalleled commitment to all of us. I doubt that I have ever met, or even come across, any other contemporary Alpha Brother with more spirit and love for the Fraternity, or for us as Brothers.

In recent years we reconnected. Our occasional phone calls seldom ran less than 2 1/2 hours. As we used to say in New York, "The Brother would always Keep it Real." We would laugh, shed tears, share memories (about MSU and Flint), sing (many, many, many songs) and say how much we loved each other.

Gamma Tau was a special Chapter. Its membership encompassed a wide spectrum of personalities, interests, skills and intellects. It brought together some of the most gifted, talented, and brilliant people in the nation, if not the world, around a common set of values, focused on future achievement through cooperation and brotherly love. While we all sought, with varying degrees of success, to be some functual part of that student body, Greg Wallace ("Big Brother Blood") was without any doubt the heart, soul and blood of the Chapter, and an essential element of the Fraternity as an Institution.

I Thank the Lord for having known him. To paraphrase Hamlet, "He was a man, take him all in all, I doubt that we shall ever look upon his like again."

“ I'm so grateful for the time that I had with your brother. He was a good man, that kept me laughing. I will never forget his Stories and the Laughter that we shared. Every time he would call me, he would say something to make me laugh. He really loved his sister, if she didn't answer her phone he would call me. And say did you talk to my sister? He will always be in my heart, I will miss him. May God Bless and keep you all in his loving arms.
