“ My heart feels empty today. We once were little and played. We became big and tall and began the journey to our new paths I've lost a brother and am now sad. I have to read it in disbelief I went to email you to see that you are gone forever. My mind wonders how is your dad?
What happened why didn't anyone call 14 years is along time. Now I stand in grief of a friend so clear and unique. R. I. P
