“ *To the Jones family you have my deepest sympathy. Chenita I know words alone will not ease the pain you are feeling at this time, try to continue to be strong for the family like you were for my Dad and your Granny. They say that time alone heals all wounds but you wonder when does the healing begin, we are not suppose to question the work of the Lord because everything he does is for a reason, she was tired of suffering and God needed an angel to do his work. I love you and even though I won't be able to be there in body I will be there in spirit, call me whenever you need to talk or whenever you just need me to listen to you breathe, I am going to have call someone else to call now when I need to know how to cook something. I love you Twin*
