“ *I just googled and found out that my dear friend and co- worker has made his transition. I kept asking about him but no one seemed to have any information.. Something just told me to google him to see if I could find out anything and I was shocked to find out that he was gone.. I met Joe and January when they came down to Atlanta to work at General Motors Service Parts Plant... We worked in the same department. . I felt like something powerful had happened to Joe because he would occasionally make contact somehow.. Joseph was a wonderful spirit and I am blessed to have been given the opportunity to have been his co-worker and friend... May God keep His arms around the entire family and keep you all in His loving grace forever. Peace.. I am Flora Williams*
