“ I'm so sorry I just found out about you passing but I will always remember the good times we shared when you came to Muncie to visit your grandmother. And, how both of us had plans on becoming doctors. I don't know how it worked out for you but I know you would like to know about Marlene the first girl you had a crush on. I always wondered how you didn't know she lived right in Flint just like you. You were a good friend and I was glad to see you when you came to Muncie and hope to see again Lords willing. Good bye my friend!
