You was in the wrong hands at the wrong time Trell, now you're with your Nana, she Loved you the most, save a spot for me, as I would for you... You'll always have a spot in my heart, rest peacefully, your energy will never die. Much Love first Love.* ”

“ *This still doesn't seem real. I miss you so much. Its crazy how when the world was against our friendship, we still managed to keep one. I guess thats the meaning of unconditional love. I got so comfortable with us trying to be there as much as possible to deal with unexpected things. Its hard not having you here to wipe my tears and tell me everything will be gucci. I know in my heart and soul you still have my back. The five years we spent building an irreplaceable bond wasn't perfect but it was the most extraordinary time of my life. You taught me how to speak my mind, be aggressive and absolutely enjoy life. I'm hurt, angry, confused but I know you're at peace. God doesn't make mistakes so I can't beat myself up, knowing that my love has his wings. No one will ever understand what we have, but whats understood doesn't have to be explained. I love you from the moon and back. Rest peacefully and continue to touch my heart. Remember love does not have a distance and mile won't break this bond.*
