“ *I just want to say how much I love my uncle. He was truly a wonderful man who we all loved very much. We will miss everything about him from his smile to his sense of humor. He was a very strong man and he was someone that we could look up to and he was someone that we all admired. I want to say to my mother, aunts and grandmother that everything that he did, he did it for you and if it weren't for you, he wouldn't be the man that he was. My family is very blessed that we have such a great man in our family and that we all had the privilege of being able to have him in our lives. He was very successful in everything that he did and he accomplished what he was put on this earth to do. Words can't express how devastated we all are by this tragedy. He was our inspiration and he will be missed very much.*

WE LOVE YOU UNCLE KRU!!!!!!!!!!

“ I am so proud to be able to say a man so great was my uncle. You were always laughing, joking, or "trying" to sing. You were and still are truly inspirational to all those who knew you. I cannot remember a dull time with you. You are more than my uncle. You're the brother I never had. You're one of my best friends. I could tell you anything and you always listened without judging me. I thought to myself, "why would God take away such a beautiful person so soon." Then I said to myself, "because God only wants the best angels." He couldn't have chosen a better one. Your death was abrupt, but during your short life, you touched so many people. I will always love and miss you. I will keep you alive in my heart and in everything I do. My heart is heavy right now, but I know I'll see you again. I will always love you Uncle Kru.

Love,
"your Mookie"
