“ Tosha was a very special person whom I loved dearly. She helped me with my children during times that I thought no one cared about us. She has given me words of encouragment, time and time again. I feel like she was one of the sisters that God sent to me because he knew that I needed them. Without question or complaint about who I was or what I was doing, she made sure that she filled that void when she could. I will never forget her smile....her smile could make me smile, no matter how I was feeling. She could be funny and silly enough to lift me up. I love you Tosha... I will never forget you!#tears
