“ Words is not enough to express my grief but you will be missed greatly my big sis! You have been more than a great friend but great and awesome family member for my family and was always there in my times of need. I wasn't ready for this. We was just discussing the state of this world and how we're losing ppl way too soon. I never expected it would be you. I'm just glad I was able to spend time with you before your unexpected departure and was able to let you know how much I loved you and how much I cared. It has been a blessing to be loved by you and for me to reciprocate that love back. You're a true example of what a true friend and sister should be. You believed in me when most didn't and it means the world to me. I'm praying for your children because they were our topic everyday and words can't express how much you loved them and your grandchildren. Just know you've done a fine job and they will pass it along to babies. I thank you for everything and I know Heaven has gained another Angel! A woman whose faith was strong and it showed by your actions and your strengths but no more fighting sis! For the battle is not yours, it's the Lords and He needed you more and called you home to rest. May you rest peacefully. You will be greatly missed and we love you and miss you! May God truly bless your children and loved ones that they may find peace and comfort because we're praying for them! Love ya Sissy Boo Boo and rest up beautiful! Amen! With my deepest condolences and love, Monika, Kevin, and Family
