NB

Valley Residential Services hired Latoyan in 1997 at the age of 21, we watched her mature into a polished, professional, caring and always sweet to everyone, care giver and manager. Toyan took her job responsibilities very seriously and strove to provide a wonderful home and care for the residents. She also cared very much for the home staff she managed. Toyan was, and will remain, an inspiration to me and to many others. She was filled with a desire to help others and fought (in her sweet way) for the rights of the residents she served, as well as those of her employees. Latoyan had a fire in her that drove her to uplift those who struggled - even me. When the company was going through a very difficult time and I was at the office late one evening, Toyan called, expecting to leave a message and I wearily answered the phone. I was so happy it was her that I started to cry. I felt so bad to have done that until she said to me, in her sweet, warm voice, "It's okay Nancy, don't worry, we will get through this". I have never forgotten that and when times get tough...as they certainly are right now, I hear her voice lifting me up again. We will get through this. Latoyan will rest in peace. My sincerest sympathy and love go out to her sons, her mom, and rest of family. I loved her too.
