“ *Thank you Lord for the time that you have allowed me to spend with Linda before you called her home. We were able to show love for one another without judging each other. We prayed together; we laughed together, we up lifted each other. I truly believe the Lord allowed me to see the love that my cousin had for all of her family. I can still remember when she was a little girl in her tap dance shoes and her outfit. She was so cute. Thank you once again Lord for the time you allowed me to have with you child. Linda, say hello to your mother, Inez; brother, James Earl; my father, John Lee Ruffin and all of the deceased family members.*

“ *I would like to extend my condolences to the entire family. Linda shared with me her testimony and I believe she was visited by an Angel of the Lord. Even though Linda may have felt that she was unable to complete her assignment; however, I believe that she planted a seed in which she left for us to water and nourish. We may not understand God's plan; however, one thing is for certain; He loves all of his children. I pray that God sustains us during this time of our bereavement.*

“ I knew Linda for a short period of time, but in that time she became one of my dearest friends. She talked about her girls...and you could tell that you meant the world to her. I just recently lost my Mom, and she (Linda) with all she was going through prayed for me and my family. I truly know the pain you feel...mine is still so fresh from my Mother. You will have good days and bad, but just know that only God can truly heal the hurt. I just wanted you to know how special she was to me, and that you all are in my prayers!

*In deepest sympathy,

“ To the family of Linda-

I have known Linda for most of my life and I am so saddened to hear of her passing. Linda always had encouraging and motivating words for me when I needed them most. Although God has called her home, she will live on through Ariel, Niemah and Aaquil.

“ Dearest Family,

Linda and I became friends instantly after meeting in Lansing at GM, i heard stories of this girl named Linda that dozens of people told me that i must meet because we both are free spirits and a little eccentric...well they were right, we had lots of wild, crazy laughs that only her and i understood the humor in. She would call me from time to time and say what state are you in now, because every time she called i was on vacation, i would stop whatever i was doing and look for the sunset and we would talk and laugh as if the laughter never stopped from our last telephone visit. Our friendship was very unique, we had no expectations of each other other than to be true to yourself, live YOUR dream and enjoy life...The word "Death" doesn't have a period after it, it has a comma, she's taking a permanent vacation from this world and went to a vacation into eternity with our Lord where all the sunsets are glorious and beyond words...i have much comfort in knowing that the next time we share a laugh together we will be hugging each other and holding hands, looking at the same sunset!!! Her vacation from the world has been an epitome in my life to stay motivated in my dreams and character (staying true to myself with the Lord) Linda always had a way of getting the last word in our conversations, this time the last word was a much needed wake-up call. May GOD love and peace surround all of you! Love, Tonetta
