“ *I knew Marcel about 18 years ago, we had a lot of fun. He made a huge impression on me with his hilarious sense of humor and his kindness. So much so that the summer we hung out has stuck with me all this time. I have thought of him a thousand times over the years and my cousin and I talked about some of the hilarity we'd had with Marcel; well I decided today to try to find him on facebook and had no success so I googled him and came across this, it breaks my heart. I never got a chance to let him know what an impact he had on me. It is safe to say I will never forget Marcel. I see he from the messages on here he must have been sick for awhile, I am thankful he is no longer in pain or suffering but I am so very sorry for the hurt his family has gone thru and for the loss the world has suffered from losing such a special person.*

“ Marcel was a dear friend we established our roots in the church. I remember as kids him smiling, laughing and joking all the time. We attended his uncle Carlis church in Beecher. He had a personality that could entertain anyone. Its a beautiful thing when you can think of someone special and they make you smile without saying a word. You will truly be missed.

“ *To Marcel's family you are all in my thoughts and prayers at this time. Cel was a good friend of mine that had the biggest heart. I loved him for that. I talked with Marcel a few weeks ago and he was watching football all was well. This news was hard to swallow do to the fact I live in Cali now and I'm unable to make it home. I knew it was going to happen we talked about it I know he wanted everyone to be at peace with it like he was. I've cried many tears some are because I'm sad most are for the joy of knowing he is no longer suffering. He is in Gods hand now looking down on all of us. I'm bless to know I will meet you again smiles and all. Much Love Marcel you will always hold a place in my heart as well as my thoughts.*

“ My condolences go out to Marcel's entire family and his family of friends.

*He was such a great person.*

*We lived around the corner from each other and instantly became close friends from the first time we met. Marcel used to call me his "little white sister" and it was a title I was proud of. We laughed together and a few times we even cried together. I always knew I could count on him to be there when I needed him and I hope he felt the same.*

*I moved to Florida permanently in 1998 and I always asked him to come visit me. He would tell me that someday he would and I am sorry that day never came. The last time I spoke with him was a few months ago and I tried to be positive and encouraged him to get better so he could come down, he told me he was dying and couldn't come. Marcel never sugar coated anything, he told it like it is. But, those were some of the hardest words to hear because I knew it meant I would never get to spend time with my friend again. I knew this day would come but that doesn't make it any easier. Marcel you were a kind, loveable, funny, special person that no one will ever compare too. You will forever be in my heart and I will continue to think of you often and laugh at the good times we had. I hope someday we meet again. Love you forever Cel. <3 Yell*

“ *To The Nadir Family.....What I remenber about Marcel is that he was a true friend to me. He didn't talk bad about you like some friends do he didn't steal like some friends do and he didn't betray you like some friends do. We treated each other with mutal respect as real friends should no matter what the case maybe. See you in the After life...*

“ To marcel's family, I'm so sorry to hear that he passed. I'm sure he's with god now. He was a good friend. We were friends for 24 years . I remember we were having a party at our house and we heard some yelling in the parking lot, we looked out and it was marcel with a huge cast on his leg trying to do kung-fu on julian because he was mad about something. Marcel was always doing something crazy that would make you laugh out loud. Everyone loved him he will be sorely missed. Rob Windle

Hey Rob, I was there that night at the Miller Rd. house and it was really funny. So many great times. Haven't seen you in many years and what a bummer to reconnect over Marcel's passing but even in death he brings people together. I hope you are doing well in this somber time. <3 Danielle
