“ It's been 6 years since you left. Not 1 year has passed that I haven't thought of you. It's so funny How I've turned into you and my father in 1 person 😞😏... Only you could appreciate me for the truly unique individual that I am. Lol I even feel more like an OLD MAN NOW. I'm almost to the age that you were in my first memories of you. It's funny. You let the world right before it turned to 🤡... Guess your lucky. The rest of us still here are awaiting our turn I guess 😞. I LOVE YOU THOUGH and only you understood my twisted sense of humor 😊

“Wowz.... Mama I still think about you practically everyday. Sometimes my mannerisms and my actions remind me so much of you. I wish you were still here to rekindle my faith in humanity as well as see the life I lead. So many things have gone right in my life that I'm actually surprised. I live very comfortably. You would be surprised too. All because of the knowledge you've bestowed upon me from your own life's lessons. I never speak to anyone besides my significant other about you. You were my link to your side of the family. Although you've taught me to be Self Sufficient. Although we did NOT always see eye to eye, NO one knew or knows my character as well as you do. I guess that is because you help make it. You passed Far to early. I'm still a young man an I'm told that I will be living at least until I'm 83 years old. FACTS - The world needs pure hearted people like you, although we don't deserve people like you! Guess that is why your gone. I wonder will I always come back here to this page? Everytime I cry... A strong Full grown man crying for his mama. You said no matter the age I'm still always your baby. But I am no longer crying by the time I leave this page. I try to feel your presence but I don't.... But I do believe you put some assets in my life and I am grateful for that. This is better than staring at your grave site I suppose... I LOVE YOU and like I told you when you were dieing.... Thank you for sacrificing for me, giving me a stern head on my shoulders... You and my Father. I'm a MAN with many options now. Only because you gave me a good life and let me know my worth. You would NOT approve of me saying this but I am better than MOST people. I Thank You So much for allowing me to be me and showing me my value not only as a Human, but as a MAN who LEADS and is the Head of his Household...! Laterz Ma

“ Ma,

Yesterday was your first birthday since you've been gone. I swear you took my ability to sleep with you. I really can not believe it. This will be my final time writing for awhile. I miss so many things. Most of all I miss the arguments. It is crazy I know. But I still have yet to met someone that I can painfully love so much. Time is different, life is different. I can not thank you enough for spending your life with me. Even at times when I felt I had no one. I knew that you were still out there. When I see life threw my eyes there is no one to remind me of the beautiful in life, because I am void good. It is true what they say. Not a day goes by without thinking of lost ones. But this is your day. So I will not be sad. I am adapting. Trying every day to adapt to the absence now in my life. I have gained love, lost love, been lost, and yet still found. With you went my complete understanding of other human beings. You are not there to remind of the possible good in them anymore. All I see is their Greed, Hatred, and Ignorance. I have experienced quite a few new things outside of this country. Such as different cultures around this world. Adulthood is a way of life as well as a feeling. I am no ones child anymore. I see a lot of you in me. Surprising many things that you have taught me in life has stuck with me threw out eternity. It may be selfish of me to say. But I do believe I loved you more than any other person. The fact that seem to be the only person who has you embedded in my character. I am here. When everyone else has gone. Just as you were for me. Wow just the fact that this is the only was to sooth my soul and feel your presence. But again I was just here for one reason. An that is to Wish you a HAPPY BIRTHDAY. I love you and wish that you had many more to come. Now hopefully I can make it threw this life as long as you did. At least I had a good. I do not want to be sad so I am going to end this here..... Bye Ma

“ Well I never thought I'd be writing anything of this sort. I remember when you bought me my first computer. Even though most people couldn't afford modern technology then. Before I go any further "HAPPY MOTHERS DAY" ... I usually would be talking to you. But, since I can't. I am writing this. Nothing in life is the same without you. I feel as if no Material possessions and no one person could ever truly make me happy. My life will never be the same without your presence here. I view the world threw different eyes. I see that life is truly just a window of time in which to do whatever it is you may choose during that time. When that time has run out it is over. Man it is crazy. I am so Magnificent and yet so tragic. I am so Fine and yet so Ugly. Lol only you could Love me for who I am. Every time I look around at all the things I have, I think of you. Yup you gave me the brains to get it all. If only, I now see why people say they would trade everything they have just to have a love one back. So sad. It's the ONLY thing in this world that one can NOT purchase. Hope. What is hope. There is NO HOPE. DEATH comes to us all. The weird thing is that as humans we just go on threw life and forget about the millions that have just went on before us. We live a PROGRAMMED life and see only what we are told. Some of us actually see the truth prior to our demise though. I will never LOVE someone else again the way a Son could love his Mother. Thank you for being a mother and truly raising me, cause if you hadn't I'd be lost...

Love your son and I STILL HAVE A MOTHER ON THIS MOTHERS DAY

“ Not even a year has passed though, it feels like many. It's so awkward to see everyone continue on with their life and know yours has come to an end. It seems to only be a reminder of everyone else's immortality. I find myself thinking, all of the success achievements that I have accomplished are all truly for what? Nothing nor no one of this Earth can be took with you. A memory is yet only a moment in time. The entire past feels almost like a dream. With you went my entire family. I would trade them ALL for ONE of you. I never knew that one day I'd be so Bitter, Somber, and Miserably Content. I try and remind myself that everyone including me shall face this same fate. It is the only thing that proves satisfactory to me. I am NOT jealous of losing you nor am I jealous of those who still have their loved ones here. They too ONE day shall feel my LOSS, if NOT then they suffered an early fate. So that is what makes me smile. Knowing that you and I were LUCKY. Life went just as it was supposed to. You were able to raise all your children to ADULTHOOD and see your grandchildren. NONE OF WHICH DIED BEFORE YOU. So you WON Momma. Most people kids are in JAIL, BROKE, DEAD, or UN-EDUCATED. You taught me everything that I need to know to make it threw life while having a peaceful existence. People have been DYING since the beginning of time. I am just thankful to have been born to such a good teacher and parent. We knew this day would come if we lived long enough. I am just grateful to have been brought into your life, because you helped build and create my LIFE. Everything that I will every have is ONLY because of you. If NO ONE else ALIVE remembers you ---> I WILL. An you are more than a memory to me. That is why I am here writing. I am here with YOU....!
