*Mark, you were such a blessing to me and my family. I always tried to seek out your valuable input and advice; I also knew many others did the same. Although we were not related, because you always saw the bigger picture, your ability to listen, your kindness and willingness to go that extra mile for your clients made us think of you as family. You were and are one of a kind, you cannot be replaced. You will always have a special place in our heart.*
