“ Mateo,

Though we only met this past year during my internship at Northwestern High School, you had a lasting impact on my life. I just knew one day we would teach at the same school or you would be the school's guidance counselor. You were a bright, young man. I cannot believe your life ended so prematurely.

To your family, I hope they can find peace and love during this most difficult time. There are tons of people sending love and prayers their way as they try to navigate life without you.

Until we meet again, sir~
