“ Very wonderful, intelligent woman. My fondess memory of her was that she had all of those phone books, I mean, she had phone books for every county, city, and some other states. I always told Richard that his mom could run the world, right from her living room. Sometimes richard would'nt even be home and my twin brother and I would just sit there and talk to her for hours. She really had a positive influence on my life and contibuted to my success as a man,husband and father that I am today.

“ *I will always remember all the good times many of our families shared, at our old church location 4401 Selby St. I will always remember the beautiful poems MO. Rivers many times composed, and read with such emotion. I'm praying for you, because we all know we have a hope that the grave, nor death can take away. Knowing this we will all see her again.*

“ I leave with the family of this precious jewel of God, the blessings of the Lord Jesus Christ. Family, thank you for granting the opportunity to know this women of God as a mother to my family and I. Mom, my family and I will miss you dearly. You demonstrated love in such a way; I realize through the life you lived and the love you shared; I realize that there is no limit to the amount of love God instilled in our hearts through the death, burial, and resurrection of His son, our Lord. You were the perfect example of never ending love. I found that love exercised even in your son Richard. He often talks about his upbringing, and how he now appreciates even the things he did not understand as a young boy. Though it hurts to let go, God knows what is best. We will miss you so much!

We love you Mamma,
