“ I pray for your family in your time of need. The Lord always provides His strength and loving arms. I pray that Mr. McInnis has his wings now and is able to fulfill his mission for the Lord on a much broader scale. The Lord's will be done.

Your family will picnic with him one day in Heaven.

God bless and always keep the faith.

“ *To all of the McInnis Family.
Just because this time in your life is full of pain. It will not always be this way. Look high up at the stars there is your family member. He will always live in your souls, and your heart. The Memories remember them all good and bad. This will keep him in your heart. Try to understand that he is still Loveing you all, and watching too. You will meat up with him again someday. My prayers are with you all. I thank you for allowing me to make this tribute, since I will not be able to make it in person*

“ *I miss you so much daddy. I think of you everyday of my life. Nothing has been the same since you've been gone. I am no longer daddy's little girl and that hurts. We are still suffering because you are gone. I miss all the laughs we shared together daddy. I watched you wither away and there was nothing that I could do to save you, but one thing I know is that you stayed brave until the bitter end. I thank you for protecting me and preparing me for this time. I still remember the last words I said to you before I went to bed. If I had know those would be the last words I said to you, I would have said much more. I will never forget the day you left me daddy. I feel truly blessed to have had you in my life for 32yrs. I love and miss you daddy, and I hope you never stop watching over us. Love your baby girl, Tyshia*

“ To my Daddy, my Hero!! I miss you so much Daddy and everyday just like I promised, I honor your name. I stand up and fight for what I believe in just like you taught us to do. I remember calling you when I had a bad day and you would sing to me. You never knew that I had you on speaker phone so I can let all my coworkers here your voice. I remember when all my friends would tell me how lucky I was that my Dad would sing to me. Although I can't call you anymore to hear your voice, I hold on to it in my heart and I will never forget it. The one thing that I want to say to you is thank you for being a Daddy to your girls. Thank you for making us sing in front of all of your friends, making us dance in front of them. Thank you for teaching me how to love hard and thank you for being a huge part of my life. Thank you for never abandoning us and stepping up to the plate like a real man would do. I will always cherish our laughs and those crazy stories you told and I would laugh until I couldn't breathe!! You rest in peace Dad and continue to be all of your grandchildren's angel!! MUCH LOVE ALWAYS & FOREVER, you oldest daughter, Pearl

“ I didn't know Mr. McInnis but I heard so much about him. To all his girls, keep your head up!! I remember all the stories Pearl use to tell us about him and we would be cracking up laughing. It would have been an honor to know him but I can tell that he was a really good person just by the way his daughter acts. She is such a nice person with the personality of an angel. That can only come from having wonderful parents. I wish you guys strength through your journey of grief and I pray that you stay strong and know that this is not the end but the beginning of greater things to come. To my girl Pearl, you have always talked about how you use to dance with your father and even though he was in a wheel chair that never stopped him. Take that courage and strength and build from it, you will come out on top every time. My prayers are with you all and stay strong my sistas.
