“ To My Sweetest Cousin Michael Kimbrough: You and I were friends and first cousins. I remember when we were young, we were literally inseparable in the Summer times that we've shared. You were always so kind and drama free. I understood you and you me. Although I know that options were not always there and every choice was not always for the best, but you stayed uplifted and in good spirits. As time moved on and our extended families grew, we had some distance between us. Not intentionally, life happens. However, I'm just grateful that you and I did spend some quality time together as adults. Like when you came to visit me in California. No matter what, you knew that I loved you! I am so proud to say that you are my cousin, my first cousin, my favorite cousin and I will miss you dearly until we meet again in Heaven, My Sweetest Cousin Michael.
