“ Big Mama, it is very difficult to accept the fact that you are not here any more. You were the matriarch of this family. Ever since I was a little boy you always told me and believed that I was very smart and had enough potential to be something great in life. I promise that when my life turns around for the better that I will go back to school and graduate. I know you will be very proud of me for doing that. Thank you for your bluntness and realness that I needed to hear to keep me on the straight and narrow in life. Thank you for never giving up on me and believing that my life is going to turn around so I can finally reach that potential I've always heard about. I have had 23 great years of memories that were created in your presence. I love you and miss you Big Mama.
