“ *As children, we were all scared of Aunt Murner because she didn't play. We knew what she asked of us, we better do! As adults, I believe I can speak for all of the SC nieces and nephews that we now appreciate that she and her sisters who are our mothers raised us with such discipline and love. We are all better for it. You will be sorely missed and your legacy of love through discipline now lives on through us. Thank you for the long talks, the gossip sessions we had, and the relationship advice! You are simply the best and you will forever live in my heart.*
